### Company Name

Airspan Networks Inc.

### Technology Categories

[Cellular](#)

### Web Address

<https://www.airspan.com/>

### Founded

1992

### Company Overview

Airspan is a developer of LTE small cell and backhaul technologies. Established originally in 1992 as a product division of DSC Communications, Airspan became a standalone company in 1997 and today has more than 1000 customers in over 100 countries around the world.

Airspan has a complete range of LTE and 4G base stations and complementary small cell backhaul solutions using both LTE Relay and proprietary technologies. Airspan also addresses non mobile carrier and private network deployment including the needs of fixed Internet Service Providers, and a number of vertical market segments including Smart Grids, Public Safety, Transportation and Oil & Gas.
