## Company Overview

YEAP! is a LoRaWAN network operator in Argentina that enables the Internet of Things and offers customized software solutions for companies and governments to improve their profitability and efficiency. In collaboration with IoT companies within the LoRa ecosystem, YEAP! offers solutions including smart city, agriculture, and safety and alarm solutions among many others. YEAP! continues to collaborate with companies and universities to develop new solutions which can be made available through its LoRaWAN network. The company is part of the Inversiones Condor (ICondor) group.

The company began deployment of its LoRa network in July 2018, operating over the US 900 MHz ISM band.
