Founded

2004

Overview

Connectivity is at the heart of Facebook's mission of giving people the power to build community and bring the world closer together. Together with hundreds of partners around the world, we're exploring new ways to bring fast, reliable internet to those without it.

Facebook Connectivity's mission is to bring more people online to a faster internet. Terragraph serves this mission by reducing the time and cost for service providers to deploy high speed connectivity through the use of millimeter wave technology.
