Company Overview

Telecom Fiji Limited (TFL) is one of the largest facilities-based providers of fixed line communication and networking services in Fiji. TFL connects businesses and residents with advanced networking, communications and technology solutions suitable for their needs. Through their expansive Ethernet-over-copper footprint, TFL can deliver high-bandwidth services to businesses.

The TFL network consists of 55 telephone exchanges throughout Fiji and Rotuma, connecting more than 101,000 customers. TFL provides and operates telecommunication services in Fiji under the provisions of the Post & Telecommunications Decrees 1989.

In addition to fixed line services, TFL launched its Connect 4G+ service in September 2016 providing high speed LTE mobile broadband over B28 (700 MHz).
