Overview

Liechtenstein, officially the Principality of Liechtenstein, is a doubly landlocked microstate in Central Europe. The country is bordered by Switzerland to the west and south and Austria to the east and north.

Liechtenstein is a member of the ITU and as such follows radio frequency harmonisation principles according to ITU-R [Region-1](#). The regulatory body governing communications policy is the Office for Communications, who is also charged with regulating the country's radio frequency spectrum activities such as planning, allocations, and licencing.
