SV Microwave (cage code: 95077) is a world leader in the RF/Microwave industry with over 50 years of proven performance. The company designs and manufactures RF/Microwave coaxial connectors, cable assemblies and passive components designed for military, satellite, aerospace, commercial and telecommunications applications.

Product lines include commercial-off-the-shelf (COTS) items and made-to-order custom, one-of-a-kind and hard-to-find products. When it comes to the design and manufacture of custom products, SV Microwave has set the standard in RF and microwave connectors, components and cable assemblies. SV Microwave is committed to helping customers meet their RF/Microwave performance goals with our highly talented engineering staff and extremely responsive sales team.

SV Microwave was acquired by Amphenol Corporation in May of 2005. Amphenol Corp. is the world's second largest connector company, producing electronic and fiber optic connectors, cable, and interconnect systems for applications converging technologies of voice, video and data communications, industrial/automotive and military/aerospace.

SV Microwave is part of Amphenol Military & Aerospace Operations (AMAO) division which is perfectly

aligned to provide the latest technologies, cost-effective manufacturing and supply chain management, and local support to solve any military and aerospace interconnect need.
